

MYSTERIOUS

E

verse

E Am/E E
Your ways are so mysterious
 A/C# B/D# E
They leave me with - out speech
Your move has me so curious
You're weighing down on me

Every glance says a million things
I have to turn away
And then Your touch comes tenderly
I don't know what to say

Chorus

A E/G# F#m
I love to come to your shore,
And hear the sound of the roar
 A G#7 C#m F#/A#
This love like a dream
 A Am E
That keeps me on my knees

Vamp

spoken

I can feel you pressing in on me, The weight of all your love
Your fragrance hangs so heavily, Like thick clouds up above
The way you move into the room, Keeps me guessing at every turn
As wonder fills my heart, My soul begins to burn
